THE SPANISH PRISONERS

Have Reached Portsmouth, N. H. and Admiral Cervera is With Them.

Washington, July 11 .- The auxilary cruiser St. Louis reached Portsmouth, N. H., yesterday with fiftyfour Spanish officers and 638 Spanish seamen, captured after the destruction of Cervera's squadron. Though the prisoners did not know where they were being taken, the voyage was without special incident.

Before sailing a parole was offered all the officers, and only one, a lieutenant, refused it. He was placed in confinement. The others were given staterooms, ate in the saloon, and practically had the freedom of the ship. The enlisted men were quartered in the steerage, and were given the same food as the crew. Several cases of fever developed on the voyage, but it was not the dread yellow jack.
